The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

DISORDER IN VANCOUVER.

There is renewed apprehension of further anti-Asiatic rioting in Vancover, B. C., and all yesterday morning Japanese and Chinese crowded the local gunshops to buy firearms and ammunition. They declare they will defend their lives and property. In case the oriental quarter is again attacked it is feared that there will be bloodshed, for the Japanese and Chinese are thoroughly aroused and are convinced that the police are powerless to protect them. Shortly before noon the police notified the gun stores to cease selling firearms to anyone until such time as all possibility of further outbreak had passed. Before the order was issued, however, hundreds of Chinese and Japanese had armed themselves.

All Chinese and Japanese domestic servants of whom hundreds are employed in Vancouver, have stopped work and have been forced by the threats of their countrymen to act as part of the defensive guard. Orientals employed in the mills have also stopped work and have taken refuge in the quarter occupied by their countrymenf whese they are preparing to assist in opposing any further attack that may be made.

Two hundred special policemen were sworn in yesterday, and there is talk of calling out the militia. There is little doubt that this will be done in case the rioting is renewed. Feeling all over the city runs high and another attack is likely to occur at any time.

So far there have been no fatalities, although several of those injured in Saturday night's riots are in a serious condition.

WORKMAN TORTURED.

Henry Perry, a mill worker of Wheeling, W. Va., is dying from a brutal hazing administered yesterday by fifty employes of the Tyler Tube and Pipe Company. The Tyler company steel workers have a custom of initating new employes. Perry went to work Sunday from the Wheeling mill. At the midnight lunch hour he was seized by a couple of the mill men that he might be put through the "degree." Perry fought valiantly, and with two iron pipes succeeded in warding off several of his tormentors, until overpowered by superior numbers. His clothing was fastened to a hook of a big iron crane and he was bound fast with cords. Then he was swung above the flames of a big-blaze furnace, which is usually approached by the workmen only when covered by a shield. Finally, the cords were burned through and Perry's unconscious form dropped to the floor right in front of the furnace, where his flesh was shriveled and his clothing charred.

His tormentors, alarmed at their work, called Dr. J. B. Maxwell, who worked with the man for seven hours before restoring consciousness. Physicians believe Perry inhaled the flames. Warrants were issued yesterday for the arrest of the ringleaders of the affair, but they escaped arrest by getting out of town.

Had Tetter for Thirty Years.

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to be.—D. H. BEACH, Midland City, Ala. Chamberlain's Salve is for sale by W. F. Creighton & Co., and Gibson & Timberman.

AEROPLANE WRECKED.

The latest aeroplane of Israel Ludlow, of New York, again failed to fly when tried out yesterday afternoon, and dumped five men into the waters of Hampton Roads.

The big kite, resting on two twenty-seven foot naval cutters, was towed out to the Roads by the United States torpedo boat Gwynn. When the Gwynn got to going so fast that there might be sufficient air pressure against the kite to make it go up, one side of the kite arose several feet, but the other got hooked into the cutter, which was swamped, and the big kite was disabled. Five men who manned the kite and cutters were thrown into the water. After they had been rescued, the aeroplane was then towed back to the wharf by the Gwynn, but it had no sooner reached there than it was struck by a storm, which came up suddenly and completely wrecked.

AUTOMOBILE ACCIDENTS.

One man is dead and two others more or less seriously injured as a result of two accidents at a series of automobile races that were held at the Brunots Island Track, near Pittsburg, Pa., yesterday The dead man is Rex Reinersten, 35 years old, president of the Auto Repair Company, of Pittsburg, who died of a fractured skull while being taken to the hospital. Walter Christy, 26 years old, of New York city, who was one of the drivers in the Vanderbilt cup races at Mineola, Long Island, fractured his right forearm and sustained scalp wounds and bruises of the body. It is also feared he has been internally injured. Clarence Bastion, who was mechanician for Reinersten, and was riding with him at the time, received injuries to the spine that are serious, besides bruises and cuts. Policeman Frank Farnol, of Allegheny, was struck by one of the flying cars and hurled about 50 feet. He was badly cut and bruised.

MOTOR BOAT BREAKS RECORD.

The motor boat Dixie, the winner of the British International cup and the fastest boat of her class, beat her own previous record in a practice run near Norfolk yesterday, running a nautical mile in 2 minutes and 7 4-5 seconds with wind and tide, and the same mile in 2 minutes and eighteen seconds against tide and wind, an average of a little better than 31,205 statute miles an hour.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everythere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E S. Leadbeater & Sons.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, SEPT. 10, 1907.

CONGRESSMAN SLEMP, according to a Washington dispatch, says that Virginia "might" go republican if Roosevelt were renominated for President. Mr. Slemp believes Taft will receive the support of the Virginia delegation. The Virginia Congressman has never heretofore shown himself to be a political prophet, and it would not be safe to risk too much money on his latest vision. It was supposed several years ago by Messrs. Slemp, Summers & Co., that the democratic ranks could be broken in the Old Dominion if Mr. Park Agnew were set aside as chairman of the republican committee and Mr. Bascomb Slemp appointed in his stead. The result of the next election showed the baseless fabric upon which the calculation had been made. The democracy of the Old Dominion proved to be more solid than ever, and the republicans were unable to make any new proselytes. Mr. Roosevelt may have dazzled some portions of the country, but that he has made any capital in Virginia is doubtful. A great majority of the people in this State have failed to discern any great elements of statesmanship in the executive that people in other States profess to see. He may possess the determination necessary to be President, but this is about all of his capital, as his administration is as much a subject of criticism as those of his political predecessors. At any rate, his name had no effect on Virginia democracy in 1904 and, from present indications, will have less in 1908. United States Senator Nathan B. Scott says that the people of this country are Roosevelt crazy but the epidemic has not overspread Virginia, although there may be sporadic cases.

BOB JONES, a brother and a successor of Sam Jones, has started out on an evangelistic tour. He appeared in Decatur, Ala., Sunday, on which occasion he said to his hearers: "I'll wash my hands of you. I have done my duty by you. If you want to continue on in your road to hell it ain't my fault." He then poured the contents of a glass of water over his hands after preaching a sermon on the furies of hell and asking for mourners. Harsh and intolerant evangelists are believed to aid but little in augmenting the church militant, although most of such may mean well. Many self-styled heralds of the kingdom of heaven strangely imagine they can interest people in spiritual matters by insolence and abuse. The great mass of struggling humanity need sympathy from those who attempt to guide them out of the broad way to destruction and into the narrow path leading to another and better world. Too many self-styled preachers fail to enter into the spirit of the Great Teacher who pronounced a blessing upon such as hunger and thirst for a better life, and not upon those who imagine they are perfect. The weak and heavy laden are always with us, and they appreciate kindness and encouragement more than blood and thunder denunciations which naturally repel such.

JUSTICE MILLER in opening the September term of the Supreme Court in Ithaca, N. Y., caused surprise by refusing all applications for citizenship, "We have admitted too many ignorant foreigners to citizenship already," he said. "I do not propose to admit to the franchise any person who does not know enough about the constitution of the country to cast an intelligent ballot. I will not grant citizenship papers to any immigrant who has not a fixed intention of staying in the country and an intelligent knowledge of and patriotic interest in its form of government. An ignorant electorate tends to be a corruptible electorate; an unintelligent use of the ballot is dangerous to the success of a democratic form of government." Justice Miller is evidently the right man in the right place, and the movement he has inaugurated should have been put in operation many years ago.

THE ATTACK upon Japanese and Chinese in Vancouver is regarded seriously in Washington. It demonstrates that Americans of the Pacific coast are not alone in opposition to Asiatics. Because of the attack of her subjects upon her allies, the Japanese, Great Britain is placed in a quandary. England is no longer in a position to demand satisfaction for the recent expulsion of Hindus from Washington State. Her subjects would not permit the government to aid Japan in a war with the United States. There are fears of another outbreak in Vancouver. Japs and Chinese are arming themselves. The resistance of the Japanese in Vancouver, who are from Hawaii, show that war veterans were sent to the islands disguised as laborers in order to seize them if war occurred between Japan and the United States.

THE grand jury of the Danville Corporation Court is engaged in an investigation of the alleged violations of the income tax law, and sensational developments, affecting some of the most prominent citizens, are expected to follow soon. It has come to the attention of the grand jury that the revenue books show an income of less than $1,000 from citizens whose appearances indicate that they make thousands of dollars annually. The names of several hundred of the leading and wealthiest citizens have been given the grand jury. It is more than probable that a similar condition of affairs exist in every city in the State.

IT IS reported from Tromsoe, Norway, that Mr. Walter Wellman and his party, of the Chicago Record-Herald polar expedition, will probably return at the end of the present month, abandoning their plans to reach the pole in an airship for the present year. No start had been attempted up to August 26, and the weather subsequent to that date precluded an ascent of the airship, northerly winds, fog and snow prevailing. Many believe Mr. Wellman to be a "faker" but the American people like to be humbugged.

IN SPITE of increased accommodations, over fifty thousand children will probably be forced to enter "part time" classes in the New York schools this session. This necessity, when considered in the light of the fact that New York has spent over $12,000,000 for extra schoolrooms in the last twelve months shows the rapid increase of the already tremendous cost of education.

CONGRESSMAN LONGWORTH, son-in-law of the President, declares that Mr. Roosevelt will accept another nomination if there is a widespread demand for it. As Mr. Roosevelt will be the judge of this demand, if what Mr. Longworth says is true, there need be no republican convention next year.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Sept. 10

Complete instructions have been issued the special tariff commission, recently appointed by Secretary Cortelyou of the Treasury, and which will sail from New York City next Tuesday. James B. Reynolds, assistant secretary of the Treasury, having charge of all matters relating to customs, has been named as chairman. The tour of the commission is expected to last until early in November. It is said that great good will result from their investigation of the conditions governing exports market values and declarations to invoices, in England, France and Germany. The recent concession granted German exporters, involving these questions in particular, and which have been criticized by certain members of Congress as tariff revision by indirection, have brought forward other questions of even greater moment and it is the desire of Secretary Cortelyou to be advised as to all practices abroad before making the problems up for final solution.

Although deploring the anti-Japanese and Chinese riots in British Columbia, it is difficult for official Washington to conceal a smile. It has been a short time since British public opinion openly and severely criticized the inability of the United States government to restrain State mob against "unoffending orientals" and here comes a similar situation in a British colony. Smile is not diminished by the reflection that the principal animosity displayed by Vancouver mobs was directed against the Japanese who are Great Britain's good friends, tied to her by closer treaty bonds than any other people in the world. And there was almost an audible chuckle when it became known that Baron Ishii, the director of commerce and trade of the Japanese foreign office, who was specially commissioned to visit Hawaii and the Pacific coast of the United States to investigate the causes of the anti-Japanese feeling there, happened in the British Colony at the time, and himself came near being mobbed. It appears that precisely the same reason actuated the Britons of Vancouver as stirred the Americans of San Francisco and Bellingham namely that Orientals will take work and grow fat on wages that paid to Caucassians would destroy their standards of living. The attitude of the Japanese yellow press towards Canada and Great Britain on account of these riots will be watched with interest here.

Fall is bringing to Washington on the instalment plan the statesmen who will make laws next winter. Those who are here today gave utterance to the following thoughts: Mr. Dalzell, of Pennsylvania—"During the coming session of Congress another attempt will be made to secure legislation for the Filipinos in the way of granting them free trade with this country on their tobacco and sugar. This legislation is much needed and should have been passed long ago. Oh, Senator Knox is the proper man to be elected President." Senator Curtis, of Kansas—"The people out our way are nearly all for Taft. I believe Kansas will send a delegation that will vote for him. My State believes in Roosevelt and would be for him if he would accept a third." Mr. Hull, of Iowa, chairman of the committee on military affairs—"We are not going to sell the Philippines, so what's the use of wasting time talking about it. What we should do is to stop this infernal talk about self-government and give the people to understand that we are going to hold on to them." Mr. Slemp, the only republican congressman from Virginia—"I am not exaggerating when I say that Virginia might go republican if Roosevelt were nominated for President. There is not much doubt in my mind that Taft will receive our delegation."

A consular report from England says the authorities there purpose to place automatic controllers on automobiles to prevent them from running above the permissible maximum speed on public roads under any conditions.

This government has been informed of the report in Mandarin circles that the ministry of finance has decided to make a trial of the gold standard in China next year.

Through consular agencies it is reported that the population of Canada has just been estimated by its officials at 6,504,900, an increase of 21 per cent. in six years.

The Department of Commerce and Labor today issued the statement that the production of denatured alcohol for the first six months of 1907 under the new law, was 1,774,272 gallons. A production of four million gallons for the calender year is predicted. The operation of the law has already reduced the cost of wood alcohol from 60 to 30 cents a gallon.

President Roosevelt has mitigated the sentences of dismissal in the cases of Midshipmen Oscar G. Salb, of Indiana, and Clarence Criner, of Wyoming, according to announcement made at the Navy Department today and has issued an order permitting the young men to resign. They had been convicted of "frenching" from the Naval Academy.

Through the invitation of Mr. L. W. Thavis, the exposition publicity agent, over a hundred newspaper correspondents will leave here on Friday next to attend the Jamestown Exposition.

Lightning struck the Cleveland Springs Hotel, near Shelby, N. C. yesterday morning, and set it on fire. The antiquated building was burned to the ground and three persons, Miss Cora Smith, of Ellenboro, and two colored chambermaids perished.

A story of imprisonment and enforced servitude was told in Pittsburg yesterday by Loona Luti, 22, when shes wore out warrants for the arrest of two American women and Emil Fojo a Spaniard. She said she went to the house where they live to work; that she was held prisoner ten days and cruelly mistreated.

The Central Labor Union, of Washington, at a meeting last night adopted resolutions calling upon the President to remove Public Printer Stillings. The resolutions charge Mr. Stillings with being an enemy to organized labor, an advocate of the open shop and as using his position to oppose union men.

Bids were opened this afternoon on the $40,000,000 of New York City bonds. The bids ranged from 103 on a million dollars offer down to par. A syndidate headed by J. Pierpont Morgan & Co., the National City Bank, First National Bank and Harvey Fiske & Co., offered to take $35,000,000 of the issue at 100,677.

Mrs. Charlotte Phillips, accused of the murder of her husband, J. J. Phillips, was taken in an invalid carriage to the town hall in East Cleveland, Ohio, yesterday afternoon, and placed under $7,500 bond on the charge of second-degree murder. She returned at once to her home and the guards were removed. Mrs. Phillips did not leave the vehicle.

William Harris, colored, was convicted of attempted criminal assault in the Chesterfield Court yesterday and sentenced to pay the penalty for his crime upon the scaffold. His victim was Miss Lena Rowland, eighteen years of age, who escaped from the the negro's clutches through the interfereuce of her small brother, who frightened the negro away with a gun.

While on the way to be married, Edward Barnes, of Hot Springs, Ark., was killed by lightning Sunday. He was riding in a wagon at the time. A boy with him was knocked unconscious and the horses were killed. Wedding guests had assembled in anticipation of the marriage of Barnes, and when he failed to appear they began a search. They found his dead body while going toward his house.

With the recent death of Louis Sells, at Columbus, Ohio, passes the last of the Sells brothers who made themselves rich and well known through the circus. Born of poor parents, they started life as peddlers, and it was as peddlers that they first began to follow the circuses they met throughout the country. Often they had to fight the employes of the circus, but they usually managed to hold their own, and they thrived on the circus crowds.

The Vesuvius Manganese Works, operated by the Manganese Corporation of Virginia, near Steele's Tavern, Augusta county, was blown up by an explosion early yesterday morning. The cause of the explosion is unknown. The powder and oil houses were blown up, and the blacksmith shop was burned. Steele Wright, the night watchman, was badly injured in the accident, and two negroes, whose names could not be learned, were also injured. The exact loss is not known but may reach several thousand dollars.

Two young men and two girls were drowned in the Saginaw river, at Saginaw, Mich., last night, when a gasoline tank exploded in a power launch in which they were taking an evening ride. It is thought that the tank caught fire from one of the boat's signal lights. The explosion blew the engine from the boat and set the launch afire. Fighting desperately to control the flames, the nine persons on board all got their hands badly blistered. Four of the party jumped overboard. Whether they were driven into the water by being more severly burned than the others or whether they jumped overboard from fright is not known. The five who remained on board succeeded in controlling the fire and finally drifted ashore.

With the mysterious return yesterday of three blocks of the stock missing from the American National Bank of Washington supposed to have been taken by a former clerk, Edwin H. Potts, all the stock is accounted for, although so far no steps have been taken to recover the collateral hypothecated with the Mechanic's National Bank of Baltimore. The stock was enclosed in an envelope with the following note: "Enclosed you will find three blocks of stock. Don't put this in the paper. Doubtless, it will have enough in it about me, anyway. "EDWIN." The note was written on a sheet of paper with the letter-head of the new St. Charles Hotel, New Orleans, La., but the faint postmark on the envelope read "Port and San Francisco, September 3, 1907, N. D."

New York Stock Market.

New York, Sept. 10.—The market through the first hour was irregular. Amalgamated dropped 2½. The delay in acting on important Boston Copper dividends was used as a bear card by a speculative element committed to the short side.

Virginia News.

Benjamin Nixon, aged sixty-five years, of Loudoun county, died yesterday at the home of Frank Brown, near Clarke's Gap.

The Berkley Iceworks, one of the largest ice plants in the Norfolk section, was destroyed by fire early yesterday with a loss of $50,000.

Unless the Richmond City Council adopts an ordinance limiting the number of saloons to 112, one for every 1000 inhabitants, and fixes the license tax at $1000, the temperance forces will urge a straight fight at the polls for prohibition.

A statement of the election expenses of Judge Thomas J. Barham, of Newport News, was filed yesterday with the secretary of the commonwealth. This is the first and only judicial primary held in this State, and the effort to get the judiciary into politics is not generally indorsed. Judge Barham had one or two opponents, and he made the campaign for $95.71. The statement he filed is in accordance with the law.

Ernest Simons, the young man who has been in the jail at Boyce, Clarke county, charged with having caused the death if Miss May Bushnell, of Winchester, has been released on bail of $500 for his appearance before the September term of the grand jury of Clarke county. Simons, it is alleged, threw a post across the road near Boyce which was struck by an automobile in which Miss Bushnell was riding. The young woman was thrown out and killed.

Race trouble is threatened at Burkville as the result of the arrest of Allen Vaughan, a negro charged with the attempted murder of several white citizens. The negro, it is alleged, stood behind a car and fired at J. A. Mason and two other white men, all of whom were wounded, Mason seriously. The victims were on their way to church. The negro was arraigned yesterday and held for the grand jury. He was trailed to his home, near Burkville, within 26 minutes after the scent was taken up by bloodhounds.

RED MEN.

The Great Council of the United States Improved Order of Red Men convened in Norfolk yesterday in sixtieth annual session with upward of 350 delegates and several thousand visitors.

Mayor Riddick welcomed the Red Men for the city and Past Great Incohonee John W. Cherry responded for the Red Men of Norfolk and Virginia.

The council will be in session four days. It has some important work before it, including the question of the establishment of permanent headquarters for the Great Council, temporary headquarters having up to this time been maintained in Chicago.

Louisville, Ky., is making a great fight for the permanent home or "long house." Chicago and Washington are also after it. The home will be an office building, to cost between $500,000 and $750,000.

Amendments prohibiting the admission of saloonkeepers and bartenders from membership in the order in the future, together with action on a proposed new ceremony for the degree of Pocahontas and a proposition to co-operate with the fraternal beneficial societies of the United States in the maintenance of a national fraternal sanitarium at Las Vegas, N. M., will be among other more important matters to be considered.

Bridgeport, Ct., Baltimore and Atlantic City, N. J., are candidates for the next convention.

GANS WINS AGAIN.

Joe Gans, colored, of Baltimore, the light-weight champion of the world, won a comparatively easy victory over James Britt, the California pugilist, who recently defeated Battling Nelson, at the ball park at San Francisco yesterday afternoon.

For five rounds Gans showed that he was easily the master. He outpointed and outfought Britt at all stages, and when the bell for the sixth round rang the Californian declined to go on, declaring that his left arm had been broken by coming in contact with Gans's elbow in the previous round. Referee Jack Welsh, after examining Britt, turned to Gans and said, "You win."

The betting was 10 to 7 in favor of Gans, with a large amount of Britt money in evidence. The fight, while it lasted, was a slugging match, but it was evident to every trained observer that Britt had no chance to win from the negro. For the first time in his life Britt was outmatched.

SEE STRANGE SCENE IN SKY.

A remarkable mirage appeared over Winchester Sunday evening between 6 and seven o'clock. In the northeast appeared a dark streak, resembling the outlines of a hill, and above this cloud was another bearing a distinct resemblance to two soldiers marching abreast. One, according to some observers, wore a Russian uniform, with a drawn saber in his right hand, and the other was attired as a United States soldier, with saber by his side. So unique was the vision that many who watched it were superstitious regarding it, declaring that it was an omen of divine origin.

Woman Killed by Burglar.

Norfolk, Va., Sept. 10.—Mrs. Mary L. Porschach, wife of Lieut. L. C. Porschach, U. S. N., now on the cruiser Tennessee, was shot and killed in her Portsmouth, Va., home today by a burglar. After being fired upon twice by the woman, he took her pistol and shot her through the heart. She was alone with her two small boys.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Sept. 10.—Mrs. Frank Porschach, sister of Col. Jos. T. Lawless Secretary of the Commonwealth, and now engaged in the practice of law with Joseph Jeffries, of Culpeper, in Norfolk, was slain by a burglar while alone in her home in Portsmouth this morning. At 3:30 this morning Mrs. Porschach, awakened by a noise down stairs, went down with a lamp and a pistol. She fired two shots at the intruder, but missed him. The burglar then grabbed the pistol, shot Mrs. Porschach in the breast and escaped. The police of Portsmouth today arrested Thomas Archer, a negro, on suspicion. It is not known whether the murderer is white or black. Governor Swanson at noon offered a reward of $200 for the capture of the murderer.

Case Postponed.

[Special dispatch to the Alexandria Gazette.]

Richmond, Va., Sept. 10.—Judge Pritchard, of the U. S. Circuit Court, today postponed further consideration of the passenger rate cases until the October term of the court. Lawyers today were not ready with their pleas. In the meantime the decision of the contesting roads to put into effect temporarily the two cent rate is not affected.

Robbed and Assaulted.

New York, Sept. 10.—An armed posse is scouring the country in the Van Ness section of the Bronx today assisting the police in hunting a robber who attacked and robbed Mrs. Minnie Buhler, 18 years old, wife of Wm. Buhler, in the woods back of her home last night. All night men prosecuted the search, intent on lynching. The police were informed today and took charge of the hunt. Mrs. Buhler had started for her mother's home, taking a cut across the open country. A man accosted her, demanded her money and when she fainted gagged and bound her. She became conscious just as he was taking her watch and chain. Then the robber beat her into insensibility and ran. Hours later the young woman regained her feet and with her hands still bound and the gag in her mouth staggered toward her mother's home. Mrs. Buhler today is in a serious condition.

Eight Men Perish.

Buda-Pesth, Hungary, Sept. 10.—Cut off from all escape by the flames which enveloped every stairway, eight workmen perished and thirty others were probably fatally burned today in a fire which practically destroyed a steam mill at Raal, Hungary. The mill was crowded when the flames were discovered. Many were on upper floors. A few managed to get down the blazing stairways. A rush was made for a huge fire escape on the side of the building. Under the weight of the frightened men it collapsed. Several of the dead were taken from the ruins of the fire escape and many of the most seriously injured were burt in the fall. It is believed the mill was set on fire by strikers.

Lovers Commit Suicide.

Ashland, Ky., Sept. 10.—As the result of parental objection and a suicide pact, Isabelle Zeetron, and her sweetheart, Tommy Bales, are dead at the homes of their parents near York. Tommy and Isabelle had been reared on adjoining farms. A few weeks ago they ran away from home and attempted to get married, but were refused a license on account of their youth. Their parents learned of the escapade and refused to allow Tommy to see Isabelle again. But Tommy managed to see the girl, and it is alleged gave her a bottle of carbolic acid. Both agreed to take it at the same time, if an appeal failed. The parents refused and they ended their lives.

Elephantiasis Extraordinary.

New York, Sept. 10.—As the result of one of the most remarkable cases of elephantiasis, Mrs. Juliette Felt, now in Kings county hospital, has increased in weight from 149 pounds to 525 pounds. Her skin has become thick and course and resembles that of an elephant. She is sixty-three years old and five feet, seven inches tall. The first indication of the disease was an itching of the leg, followed by a gradual swelling. Then she began to take on weight. At first she thought it was a natural growth but it soon assumed abnormal proportions.

Bank Robbed.

Chippewa, Ont., Sept. 10.—Masked robbers blew open the Royal Saving Bank's safe here early today and escaped with considerable booty. Passersby heard the explosion, rushed to the scene and frightened the safe blowers, who picked up plunder and, holding the crowd back at the point of revolvers, got to the river front and escaped in a row boat. The police of Buffalo, Niagara Falls and Toronto were notified. Bank officials say the robbers did not get into the deposit box inside the vault, where the most of the bank money was kept.

Died From Her Injuries.

Pittsburg, Pa., Sept. 10.—Another name was added today to yesterday's automobile fatality list when another victim died of his injuries received in an accident at midnight. One of the others is expected to die. Miss Helen Williams, of Allegheny, whose skull was fractured, died today at St. John's Hospital. The car, a big touring automobile, struck a curb as the driver tried to make a corner at high speed. All the occupants were hurled out, striking telegraph poles.

War On Jews.

Warsaw, Poland, Sept. 10.—Another massacre of Jews is in progress at Lodz, Poland. Messages from there state that eleven persons have been killed and fourteen injured already. At the time the advices were sent the massacre was still going on.

Berlin, Sept. 10.—Vengeance on the Jews for alleged attempts on the lives of the Czar Nicholas, Premier Stolypin or any of the other high government dignitaries is the object of a new anti-semetic organization, or "rescure league" as its members call it which has just made its appearance in Russia. Prominent Hebrews here, to whom news of the new society's organization has just been conveyed believe the formation of the league presages a general massacre of their people all over the empire, and are talking of an appeal to the civilized world for the protection of the Russians of their race. Leaders of the league openly proclaim their intention to begin immediately following the discovery of the next assassination plot—successful or otherwise.

Dispatches from Brail, Roumania, say that travelers arriving from Odessa report the anti-Jewish excesses there as continuing almost uninterruptedly. It is estimated that at least 100 Hebrews have been killed in Odessa within a week. The police are preventing them from leaving the city. Placards were posted in Kisheney and other towns yesterday calling on the populace to attack the Jews.

The Telegraphers' Strike.

Oyster Bay, N. Y., Sept. 10.—Secretary Straus of the Department of Commerce and Labor and Charles P. Neill, Commissioner of Labor, were in conference with President Roosevelt today regarding the telegraphers' strike. No statement could be obtained regarding the probability or improbability of the President taking a hand in the strike.

New York, Sept. 10.—Edward J. Nally, Vice President and General Manager of the Postal Telegraph Company, today gave out a statement in part as follows: "I wish to say once for all that there will be no arbitration and this company will not recede from the position which it first took in the matter; namely, to give employment only to such individuals as are desirable."

The directors of the Western Union Telegraph Company were scheduled to meet today. It was said at the general offices that the strike would not be discussed at the meeting.

Morales and Mora Executed.

Mexico City, Sept. 10.—Florencio Morales and Bernardo Mora, who were on June 6 convicted and sentenced to death for the assassination of former President Barillas of Guatemala here on April 7, were executed in the Berlim Prison yesterday. This ends an international episode which at one time threatened to bring on war between Mexico and Guatemala.

Successful Test.

London, Sept. 10.—A successful test of the new British war balloon was made today at Farnborough, the experiments proving the worth of the airship, according to a telegram to the Exchange Telegraph Company from that town. The ascension was made from the village common. The balloon circled over the common and performed various other evolutions.

Chair Factory Destroyed.

Gardner, Mass., Sept. 10.—The entire plant of Nicholas and Stone, chair manufacturers, was destroyed by fire late last night with a loss of over $100,000. The insurance amounted to only $35,000 and it is doubtful if the factory will be rebuilt. This is the second fire at this plant within a month and it is believed to have been of incendiary origin.

Law Declared Unconstitutional.

Philadelphia, Pa., Sept. 10.—Judges Wilson and Audenreid, in the Common Pleas Court today handed down a decision in favor of the Pennsylvania Railroad declaring the two cent fare law unconstitutional.

In the face of the strike telegraphers the executive committee of the Western Union Telegraph Company at its meeting in New York today recommended the directors the declaration of the regular quarterly dividend of 11-4 per cent. The directors will act on the recommendation tomorrow.

The failure of Thayer Brothers, a stock exchange firm was announced on the New York exchange this afternoon.

The W. U. Telegraph Company has approved the action of its offices in regard to the recent strike.

CURIOSITY

Leads to Investigation and Truth.

What shall we do to be saved? was the title of one of Robt. Ingersoll's lectures. People of faith and people of no faith flocked to hear it. Thousands are asking, "What shall I do to get rid of dandruff?" The answer is, "Kill the germ that causes dandruff, falling hair and finally baldness;" and the only thing that will do it is Newbro's Herpicide. That is the very latest discovery of the laboratory, and it is the only preparation that claims to, or that will, kill the pestiferous dandruff germ. It is also a delightful ha[illegible], free from oil or grease or sticky sub[illegible]s. Try it and be convinced of its actual merit. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50c and $1.00. E. S. Leadbeater & Sons, Special Agents.

For this section continued unsettled weather, with occasional showers tonight and Wednesday; cooler by morning; cooler Wednesday; light variable winds, becoming westerly.

THE ELECTION.

The primary election being held today for the purpose of nominating a democratic candidate for the State Senate to represent the district composed of Alexandria city and county and Fairfax and Prince William counties is being conducted in a quiet manner. The interest which many supposed would be manifested on behalf of the trio of candidates in the field is seemingly wanting. There have been few people in the neighborhood of the polls and but little buttonholding. The vote polled at 4 o'clock was as follows:

First ward	179
Second ward	238
Third ward	150
Fourth ward	153
Total	720

THE LATEST FISH STORY.

John, alias Nep, Penn was before Justice Caton in the Police Court this morning charged with stealing journal brass is belonging to the Southern Railway Company. Pennhad, according to the evidence, disposed of several lots to a junk dealer for which he received about nine dollars. When he arose to speak in his own behalf the accused denied the charge of theft, and said he had "fished" the brass out of the river in front of Fishtown, and said an acquaintance had told him where to cast his line. Penn also stated that pieces of brass weighing several pounds were being "caught" in the vicinity of the old Long Bridge. Justice Caton did not seem disposed to believe that brasses were biting at hooks, and as witnesses testified that they were being caught on car axles and that "jacks," not fish hooks, were used in capturing the same, concluded to send Penn to jail for ninety days.

CARLIN AND HOWARD.

Messrs. C. C. Carlin and Ernest Howard, respectively democratic and republican candidates for Congress, were at Louisa yesterday and shook hands with the big crowd of country folk assembled for the day. Neither made a speech. Mr. Carlin's friends there say that they intend not only to elect him this fall, but to return him, as has become a custom with Eighth district democrats, for several terms. They will welcome any drawing of Swanson or anti-Swanson lines, they say, as they feel that the governor is "in the saddle."

Mr. Howard, who comes from Fairfax, refers to that county and Loudoun as the "cap-sheaves of the Eighth district." He styles himself a "Roosevelt republican," and his friends think that the short term in Congress, which will end with that of the President, should be filled by one of the latter's adherents.

FIRE LAST NIGHT.

About 10:15 o'clock last night a fire was discovered in the stable of the Broomilaw Brick Works, on the north bank of Hunting Creek and southwest of this city. A few minutes later the heavens in that quarter were illuminated by the light from the burning structure. The circus was dismissing its audience at the time, and many of its patrons wended their way to the scene. The Alexandria fire department responded, but the Columbia engine was the apparatus required to confine the flames to the stable. The mules were taken from the burning structure and escaped injury. The damage will amount to about $500, covered by insurance. It is supposed that the fire was started by sparks from an engine at the brick yards. A considerable quantity of hay was destroyed during the prevalence of the fire.

ESCAPED TAXATION.

The assessor's office of the District of Columbia has ascertained that the steamboat St. Johns, operating as an excursion boat on the Potomac river has been escaping taxation. The steamer is the property of the Central Railroad of New Jersey. Attorneys for the railroad say that the District has no right to tax the vessel, as it is at present taxed in New Jersey. But Francis Nye, personal tax assessor of the District, holds that the St. Johns is assessable in Washington.

The papers in the case were referred yesterday by Commissioner West without comment to the corporation counsel for legal advice.

LEG CRUSHED.

Mr. Thomas Dix, a well-known resident of this city, was the victim of a distressing accident at the Potomac railroad yards about six o'clock yesterday evening. While endeavoring to board what is known as the annex train for this city he fell on the track and his left leg was crushed below the knee. He also sustained severe bruises. Mr. Dix was conveyed to the Alexandria Hospital, where Dr. William M. Smith assisted by Dr. Llewellyn Powell amputated the leg. Mr. Dix has recently been employed at the Potomac yards. He was for a long time driver of the old Hydraulion steam fire engine.

GERMAN DAY AT LUNA PARK.

German Day was observed in one way or another at Luna Park yesterday by many of Teutonic origin with large numbers of their friends. The Washington contingent of German-Americans celebrated the arrival in this country, 224 years ago, of the first German pilgrims, under the leadership of Franz Daniel Pastorius, with speeches, songs, gymnastic exhibits, games, races and other amusements. The United German Societies of the District of Columbia also celebrated the day. Many people from this city visited the park yesterday and last night.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Two young men, charged with assaulting an acquaintance, were fined $5 each.

A small white girl, charged with assaulting another girl, was dismissed.

John Penn, charged with stealing brass belonging to the Southern Railway Company, was sent to jail for 90 days.

Mr. George L. Appich left this morning for a trip of several days to the Jamestown Exposition.

CORPORATION COURT.

[Judge L. C. Barley presiding.]

A special grand jury was summoned, with Mr. O. F. Carter as foreman, and brought in the following indictments:

Charles Johnson, alias Charles Mason, colored, for forging four checks on W. A. Smoot & Co.

Benj. Motley and Cluster Wilson, colored, for stealing a watch and chain from F. C. Spinks.

The grand jury was then discharged.

Charles Michael and George Griffin, indicted for arson; case continued till Thursday.

John Dogan, colored, indicted for burglary; case continued till second day of October term.

Julius Pelton qualified as a notary public.

Charles Johnson, indicted for forgery; plea of guilty and sentenced to serve eight years in the penitentiary.

Benjamin Motley and Cluster Wilson, indicted for grand larceny; case set for Friday.

OPERA HOUSE.

Mr. Howard T. Underwood, the manager of the Opera House, promises a real treat to theatre goers next Monday, the opening night, when Mr. Gordon Bennett will present for the first time in the South the realistic and scenic drama, "The Holy City." Mr. Bennett will be remembered as presenting [illegible] The Royal Slave" [illegible] this city several years ago, which created more than a favorable impression. The production he brings this time has a stronger cast—14 people—selected from the best talent obtainable from the metropolitan theatres. All who attend the performance are promised a production second to none given in larger cities.

FELL FROM A WINDOW.

J. A. Brown, a one-arm man, watchman of the Washington Southern Railway, living at No. 112 south Fayette street, was taken to Alexandria Hospital last night with his collarbone broken. Brown, it is said, was sitting at home at a late hour watching the departure of the circus, when he, from some unexplained cause, fell out of the window. He was taken into his house by neighbors who heard his cries and Dr. Moore summoned. The later ordered his removal to the hospital. Brown's wife had previously been placed in the hospital where she is to have an operation performed on her.

AGAIN IN BUSINESS.

Mr. John R. Chapman, for several years a merchant in this city, and who has many friends here, writes to the Gazette as follows:

After several years of farm life I am again going to embark in my old business, dry goods, etc., this time in the beautiful and live little town of Newark, Del., only six miles distant from my farm near Childs, Md., which I will retain. I get an old established stand with a trade which a near relative of mine has been forty-five years building up.

ECHOES OF THE FIRE.

After the extinguishment of the fire last night at the Broomilaw Brick Works some of those attracted to the scene engaged in throwing bricks. A young colored named Elbert Williams was struck by one of the missiles and his head cut. He was taken to the Alexandria Hospital by some of the firemen who found him lying in the road.

While the fire was in progress thieves invaded the premises of a resident in what is known as Penny Hill lane and carried off a number of chickens.

CHESAPEAKE PRESBYTERY.

As heretofore stated, the Chesapeake Presbytery meets this evening at Aldie, near Leesburg. Representatives from all the Presbyterian Churches in the counties of Alexandria, Fairfax, Loudoun, Fauquier, Culpeper, Rappahannock, Prince William and Stafford and Washington city will be present. Elder K. Kemper and Rev. Joseph R. Sevier, of the Second Church, of this city, are in attendance.

REV. DAVID WILLS, JR., TO PREACH.

Rev. David Wills, jr., pastor of a prominent Presbyterian Church in Syracuse, N. Y., will lead the prayer meeting service at the Second Presbyterian Church on Wednesday evening at 8 o'clock. Mr. Wills is the son of Dr. David Wills, of Washington, who frequently supplied the pulpit of the Second church during the year it was without a pastor.

SCHOOL PERMITS.

Since yesterday the Clerk of the City School Board has issued 551 permits to children to attend the public schools—235 to white boys and 216 to white girls, making 1071 for two days—506 boys and 565 girls, against 1,047 for the corresponding two days last year—496 boys and 547 girls. Permits will be issued again tomorrow to the white children and on Thursday and Friday to colored children.

The antics of a mule which was being shod in a Pitt street blacksmith shop today, attracted a crowd in that vicinity.

The property bounded by Prince, Cameron, Payne and West streets offered for sale today was withdrawn, it having been privately sold yesterday.

There was an abundant supply of vegetables in market today and prices were more reasonable. Good cantaloupes were in profusion and sold at from 2 to 10 cents apiece.

This has been another warm, sultry and oppressive day. The humidity continues much above the normal and at noon the mercury registered 85°—the highest for some days past.

TUESDAY EVENING, SEPT. 10, 1907.

MR. R. WALTON MOORE.

As heretofore stated, Mr. R. Walton Moore, of Fairfax, has been employed in connection with Judge Ed. Baxter, of Nashville, Tenn., as assistant special counsel to represent before the Interstate Commerce Commission, and in resulting litigation in the Federal courts, nearly all the railway companies operating in the territory south of the Potomac and Ohio east of the Mississippi. Judge Baxter's office is in Nashville, and Mr. Moore has already taken an office in Washington, but will keep up his practice in Virginia and will continue to reside in Fairfax. In speaking of Mr. Moore's appointment the Washington correspondent of the Richmond Times Dispatch says: "The news of Mr. Moore's new connection will be hailed with pleasure by several aspiring politicians of the Eighth Virginia District, since it is now assured that he will not be a candidate for political honors, at least not at an early day. He served with distinction as a member of the Virginia Senate and the Constitutional convention, and could have been the successor of Hon. John F. Rixey in Congress had he chosen to be diverted from the practice of his profession. He is recognized as one of the ablest members of the bar in Virginia, and is one of the comparatively small class of lawyers who achieved a reputation as practitioners of both criminal and corporation law. In this new and wider field, Mr. Moore will add to his reputation as a lawyer, and enter upon a practice which will be more or less national in character. The enactment of the law regulating railway charges is having the effect, which is becoming more manifest every month, of creating a more or less new field for the practice of law. Under the old act creating the Interstate Commerce Commission practice before the commission was not extensive. The law did not give the commission the power to inforce its decisions regarding rates, and the railroads fought cases before it in a more or less perfunctory manner. Judge Baxter represented the roads named above in all cases before the commission, and did not realize, nor did his clients, the need of much help in doing so.

German Army Manoeuvers.

Berlin, Sept, 10.—More than 100,000 soldiers are engaged in the annual army manoeuvers which began yesterday near Hanover. An elaborate campaign will be worked out west of Munster and Dortmund. Despite the weather the Kaiser spent Sunday night in the fields in a portable asbestos house which will be his headquarters. He was up at daylight. The Kaiser yesterday witnessed every play in the war game. This kept him on the go on horseback and in motor cars from daybreak to sundown. His five sons, serving as officers in various regiments, will come in for especial inspection. The American officers who are attenting the German army maneuveri spent 10 hours in the saddle.

G. A. R.

Saratoga, N. Y., Sept. 10.—Veterans by thousands are arriving today for the forty first annual G. A. R. Encampment here this week. Commander Robert B. Brown is here with his staff, and other prominent officials are rapidly coming in. Indications point to an attendance of 50,000 of whom 15,000 will be veterans of the civil war. Governor Hughes will arrive tomorrow and welcome the encampment on behalf of New York State. Wednesday he will hold a reception and review the great parade. The business sessions of the encampment will begin Thursday. Five candidates are in the field for Commander-in-Chief with Charles G. Burton of Nevada, Missouri, in the lead.

Health in the Canal Zone.

The high wages paid makes it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, billiousness, weakness and all stomach, liver and kidney troubles. Guaranteed at E. S. Leadbeater & Son's drug store. 50c.

Secretary Root.

New York, Sept. 10.—Elihu Root arrived in New York yesterday after his stay of 28 days at "Billy" Muldoon's physical culture farm and at once bought a new derby hat, leaving an old straw hat at the store. The secretary was looking well. He said: "I shall go to Clinton today to look after some matters in connection with my brother's estate and then I shall go to Washington. Feeling healthy and vigorous as I do, there is no reason for postponing my trip to Mexico. I shall go as soon as I can arrange matters but can not tell just when that will be."
